

Welcome to:
InCommon midPoint Basics
Virtual Training

Training Dates & Times

- **Self-paced Pework:** April 20-24, 2023
- **Optional:** April 25, 2023, 9:00 am – 10:00 pm ET (Optional Session to Log into VMs)
- **Live Workshop:** April 25-28, 2023, 10:00 am – 4:00 pm ET

Welcome! You are registered for the upcoming virtual InCommon midPoint Basics Training. Below you'll find important information to make your learning experience productive and enjoyable.

This course is a **blend of self-paced learning and live interactive instruction**. You'll start your journey with self-paced work from **April 20-24 (plan for ~ 8 hours of time)**. **Live instruction begins on April 25**. Details are included below.

You will also receive calendar invitations that include the Zoom coordinates for the class. You'll also be invited to join the class Slack channel named **midpoint-apr2023**.

We will open Zoom an hour early on the first day of class - please join us then if you have any problems signing into your VM!

Access to Training Materials

The materials for this training are hosted in Canvas.

Accessing Canvas:

Now that you've registered, please confirm you can log into Canvas:

- Gain access to the content on **April 20:** [midPoint Training Material](#)

Please note you will not have access to most of the modules until Tuesday, April 25th!
Please let us know if you run into any problems with the process.

Key Access Dates:

Below is a list of access dates and activities:

Monday, April 17th

- Access to a [dedicated Slack channel](#) for the course (feel free to begin chatting right away!)
- Follow the Canvas login and timing instructions from above so we can add you to the class prior to the first day.

Thursday, April 20th - Monday, April 24th

- Access to course materials (Trusted Access Platform overview and modules 0 - 1) opens – VMs will be ready to claim on Monday, April 24!
 - Complete self-paced learning
 - If you haven't already done so, complete [this survey](#) so that we can understand your midPoint experience and goals for attending the course.

Tuesday, April 25th

- Access to course materials (modules 2 - 5) opens.
- Access to virtual machines.

Tuesday, April 25 - Friday, April 28th

- Attend virtual live class with the instructors daily from **10:00 am - 4:00 pm ET**

Friday, May 10th

- Access to VM terminates.
- Dedicated Slack channel for the course terminates.

Friday, July 28th

- Access to Canvas course materials terminates.

Collaboration Tools

Slack

You will receive an invitation to join the class's dedicated Slack channel ([midpoint-apr2023](#)). This is our primary mode of communication and our instructors watch this channel closely. Please feel free to ask questions there, provide course feedback, or share a picture of your lunch. The options are endless!

Zoom

We'll deliver our classes live during April 25-28 via Zoom. You'll find the call coordinates in this doc, in a calendar invite, and also in Canvas. We'd love to see your smiling faces! If you are comfy, the use of your cameras is wonderful and appreciated. It's helpful to have a face to put with a name and it's helpful for us to assess understanding and pace.

Contact Information

If you have any questions about the workshop or its technical content, please send a note to sgavazzi@internet2.edu. You can also use the Slack channel named [midpoint-apr2023](#) for an even faster response. :)

The fearless Ivan Noris (of Evolveum) will be your instructor and some of our community members will be helping out, too.
