Welcome to:

InCommon midPoint Deployment: First Steps

Virtual Training

Training Dates & Times

- **Optional**: April 9, 2024, 9:00 am – 10:00 am ET (Optional Session to log into VMs)
- **Live Workshop**: April 9-12, 2024, 10:00 am – 4:00 pm ET

Welcome! You are registered for the upcoming virtual InCommon midPoint Deployment: First Steps Training. Below you'll find important information to make your learning experience productive and enjoyable.

Live instruction begins on April 9. Details are included below.

You will also receive calendar invitations that include the Zoom coordinates for the class. You'll also be invited to join the class Slack channel named **midpoint-april2024**.

We will open Zoom an hour early on the first day of class - please join us then if you have any problems signing into your VM!

- Access to course materials (modules 1 - 9) opens.
- Access to virtual machines.
- Attend the optional session from **9:00 am – 10:00 am ET** to log in to VMs
- Attend virtual live class with the instructors from **10:00 am - 4:00 pm ET**

Wednesday, April 9th - Friday, April 12th
- Attend virtual live class with the instructors daily from **10:00 am - 4:00 pm ET**

Friday, April 26th
- Access to VM terminates.
- Dedicated Slack channel for the course terminates.

Friday, June 7th
- Access to Canvas course materials terminates.

Collaboration Tools

Slack

You will receive an invitation to join the class's dedicated Slack channel (midpoint-april2024). This is our primary mode of communication and our instructors watch this channel closely. Please feel free to ask questions there, provide course feedback, or share a picture of your lunch. The options are endless!

Zoom

We'll deliver our classes live during April 9-12 via Zoom. You'll find the call coordinates in this doc, in a calendar invite, and also in Canvas. We'd love to see your smiling faces! If you are comfy, the use of your cameras is wonderful and appreciated. It's helpful to have a face to put with a name and it's helpful for us to assess understanding and pace.

Contact Information
If you have any questions about the workshop or its technical content, please send a note to cbroomfield@internet2.edu. You can also use the Slack channel for an even faster response. :)

The fearless Ivan Noris (of Evolveum) will be your instructor and some of our community members will be helping out, too.
