LINCOLN'S LASTING LEGACY GRADES 6-8

Abraham Lincoln Birthplace

Presented by: **Natalie Barber, Park Ranger**

Thursday, March 1: 10-10:50am CT and 1-1:50pm CT

The memorial at the Abraham Lincoln Birthplace does not only house a historic cabin, but an idea: the potential of the individual in a democratic republic. In 1911, America was an emerging global power and one of the few democratic republics in the world. Many of the countries with long illustrious histories were led by individuals who were members of aristocracies and power. In memorializing Lincoln's birth in a humble Kentucky cabin, America memorialized the possibility for every citizen in this republic. We will explore Lincoln's Kentucky roots and rise to the presidency as the very symbol of the American dream.

Presented by: : **Donald Stanko, Lead Park Ranger**

Thursday, March 8: 10-10:50am CT and 1-1:50pm CT

When former General Ulysses S. Grant was inaugurated as our 18th President, he not only brought his fame as a war hero to the office, but he also brought his ethics and ideals. Nowhere is this more evident than in Grant's commitment to civil rights for all citizens. This session explores how Grant's personal beliefs shaped the conversation surrounding civil rights, and set the stage for America's current legal system.
