WHAT IS LIBERTY? ABRAHAM LINCOLN'S BRAVE IDEA GRADES 4-12

President Lincoln's Cottage

Presented by: **Michelle Martz, Program Coordinator**

Tuesday, March 13: 10-10:50am CT and 1-1:50pm CT

For a quarter of his presidency, President Lincoln chose to move his family from the White House to a cottage on a hilltop overlooking the city. They made this move three summers in a row, in the midst of a war that threatened the country they held so dear. Here Lincoln said, “my thoughts—my solicitude for this great country follows me wherever I go.” This place allowed Lincoln the time, space, and environment to create brave ideas that changed our nation. During the Civil War, Lincoln struggled to define the word “liberty.” During this program students will learn about his struggle, and at the conclusion of the program, students will create their own definitions of “liberty” that encompass their own brave ideas for their communities.
